Comments

These are the Committing Charges, or the charge for which the Youth is being held. This is not a complete list of charges that the Youth may be facing. Some Youths have more than one charge.

Comments

First time admissions may have been initially detained, then their status changed to committed, and they were not released from the facility.

Comments

This is a count of parole hearings for Youths who

have been committed for six months, not a count of all parole hearings. Unlike the census data in this report, this is a count for the entire month, not a count for a specific day.
