**Bio: Camile Dobson, Deputy Executive Director, NASUAD**

Camille Dobson serves as the Deputy Executive Director for NASUAD. In this position, Ms. Dobson leads NASUAD's efforts to provide technical assistance to states on the full array of long-term services and supports (LTSS) programs. Ms. Dobson came to NASUAD from the Centers for Medicare and Medicaid Services (CMS), where she served as the Senior Policy Advisor for Medicaid Managed Care in the Center for Medicaid and CHIP Services. In this role, she was the agency's policy expert on Medicaid managed care delivery system issues, and directed the agency's regulatory and technical assistance efforts regarding managed care. During her tenure at CMS, Ms. Dobson also led a team of analysts charged with reviewing and approving Medicaid managed care waivers, state plan amendments, and section 1115 demonstrations. Prior to joining CMS in 2005, Ms. Dobson spent 12 years working on Medicaid managed care issues for a variety of entities, including the Maryland Association of HMOs; CareFirst; BlueCross BlueShield; and Maryland Physicians Care.

In welcoming Ms. Dobson, NASUAD’s Executive Director Martha Roherty stated, “As state aging and disability agencies prepare for the expansion of integrated care and work to develop the business acumen necessary to evolve along with the rapidly changing health care landscape, Camille’s considerable Medicaid managed LTSS experience, as well as her proficiency in federal managed care regulations and health plan operations will truly be an asset to NASUAD and to the states.” A certified professional in healthcare quality, she received both her Bachelor’s degree in International Affairs and Master’s degree in Public Administration from George Washington University. - See more at: <http://www.nasuad.org/newsroom/nasuad-news/nasuad-announces-staffing-changes#sthash.pMwtuFqg.dpuf>

National Association for States United for Aging and Disabilities mission is to design, improve, and sustain state systems delivering home and community based services and supports for people who are older or have a disability, and their caregivers.
