Balanced, Responsible Budget, Without an Income or Sales Tax

- Balances without an income or a sales tax.
- Builds on the current budget's bipartisan progress in education, health care, economic development, natural resources and public safety.
- Conservative baseline revenue estimates of 2.75 percent growth in FY 2016 and 1.9 percent in FY 2017, based upon the work of the Governor's Consensus Revenue Estimating Panel.
- Cut total agency budget requests by more than \$1 billion and general fund budget requests by \$523 million.
- After adjusting for the shift in Medicaid Enhancement Tax revenue, the comparable general and education trust fund budget increase from FY 16-17 is just 4.9 percent over FY 14-15, and the total budget increase is just a 6.4 percent increase over the previous biennium.
- Adjusted for inflation, the 2016 general and education trust fund budget is at least \$250 million less than the state spent in 2004.
- Includes responsible plans to balance the Highway Fund and the Fish and Game Fund.
- Moves New Hampshire past the cycle of litigation by meeting the state's legal responsibilities in agreements to settle the lawsuits regarding funding of the state's hospitals, mental health services and the women's prison.
- Is clear and honest about what the state can afford and the priorities that are funded. Does not include back-of-the-budget cuts and begins to step down lapse estimates.
- Twenty-two state agencies funded at or below their Fiscal Year 2015 appropriation.

Innovation in State Government

State government must be as innovative as the private sector in working to improve efficiency and how it delivers services to citizens. Building on the recommendations of the Governor's Commission on State Government Innovation, Efficiency and Transparency, this budget makes a number of changes to make state government more efficient and effective. This budget:

- Creates a Chief Operating Officer to work across state agencies to drive process and efficiency improvements.
- Creates the Office of Professional Licensure and Certification to provide staff and support to all of our professional boards, merging the Joint Board with 27 other individual boards and commissions into one office to improve efficiency and customer service.
- Merges the Racing and Charitable Gaming Commission into the Lottery Commission.
- Merges the Highway Safety Agency into the Department of Safety to better coordinate federal grant dollars.
- Realigns some functions of the Office of Energy and Planning to better-suited agencies, moving the Census Bureau to Employment Security and the Conservation Land Stewardship to the Land Management program at Fish and Game.
- Expands the state's ability to centralize purchasing even further and adds an attorney to the Department of Justice to help negotiate the best contracts possible for taxpayers.
- Gives the Commissioner of Information Technology clearer authority to set statewide standards, particularly around cybersecurity.
- Creates an Innovation Fund of \$1 million over the biennium to invest in state agency efficiency projects with proven returns on investment.
- Consolidates and eliminates duplicative reports required of state agencies and makes clear that reports can be presented in an electronic format.

- Makes electronic mailing easier for state agencies, saving on printing and postage costs.
- Implements the recommendations of an LBA audit by requiring the Department of Safety to deduct revenue collection expenses before transferring funds to the Highway Fund.

Supporting a More Innovative Economic Future

New Hampshire should be a leader in attracting and helping support the growth of innovative businesses, jobs and workers. This budget helps expand opportunity for middle class families, supports job-creating businesses and aims to attract and retain more young people here in New Hampshire. This budget:

- Restores the ability of the state's business recruiters to travel out-of-state and to participate in trade shows to recruit businesses.
- Funds education and accelerator programs at business incubators through Live Free and Start.
- Increases funding for travel and tourism promotion.
- Provides funding for the Department of Resources and Economic Development to partner with businesses to develop a workforce recruitment strategy for the State of New Hampshire.
- Funds a STEM specialist at the Department of Education to help implement recommendations of the Governor's Task Force on Science, Technology, Engineering and Math (STEM) Education to modernize STEM Education.
- Increases funding to the University System of New Hampshire by \$13 million over the biennium compared to Fiscal Year 2015, which will help it hold down the cost of tuition.
- Increases funding to the Community College System by \$6.5 million over the biennium compared to Fiscal Year 2015, which will allow for tuition decreases in 2016 and 2017 – bringing community college tuition more in line with neighboring states.
- Expands a pilot program between the Bureau of Adult Education and the Community College System to help adults enhance their skills before attending community college.
- Provides funding in the capital budget for the Community College System to address maintenance and IT needs, modernize programs for HVAC technology, and support the STEM Lab in Claremont.
- Provides funding in the capital budget to expand the Piscataqua River Turning Basin, which will allow the Port to serve larger ships and stay competitive in today's economy.
- Provides funding in the capital budget for an environmental and engineering assessment for expanding commuter rail to Nashua and Manchester as part of the Capital Corridor Rail project.
- Provides additional support for the Small Business Development Center, which helps small businesses get off the ground.
- Recognizes New Hampshire's resurgent agriculture and local farm economy by providing for an assistant state veterinarian and more than doubling agriculture promotion.
- Provides \$2 million in the capital budget for New Hampshire's Affordable Housing Fund, which will support the development of 100 to 250 new units of non-age restricted workforce housing, with preference given to veterans.

Building a Healthier New Hampshire

A healthy workforce is essential to New Hampshire's economy, and this budget helps ensure New Hampshire has a healthy, competitive workforce for the future. It:

- Ensures that the bipartisan New Hampshire Health Protection Program will continue through the end of the next biennium and accounts for savings the plan is already generating in areas such as reducing uncompensated care costs, replacing former state programs, expanding substance abuse treatment, and increasing insurance premium tax revenues.
- Continues to implement the state's mental health settlement agreement and other improvements to the state's mental health system. Includes funding for community-based Assertive Community Treatment teams (including children's teams), mobile crisis teams, expanded community-based housing, peer support services, family support services, and supported-employment services.
- Funds the new crisis unit at New Hampshire Hospital to help relieve overcrowded hospital emergency rooms.
- Continues to combat New Hampshire's growing Opioid problem by expanding the substance abuse benefit in the New Hampshire Health Protection Program to the existing Medicaid population in the second year of the biennium.
- Triples funding for Governor's Commission on Alcohol and Drug Abuse Prevention, Treatment, and Recovery over the course of the biennium to help expand prevention, treatment and intervention options.
- Funds services for people with developmental disabilities, acquired brain disorders and people receiving in-home supports, including estimated caseload growth. Renames the "waitlist" line item in the budget as "transitional services," to recognize that the state has a moral and legal obligation to provide services.
- Moves forward with "Step 2" of Medicaid Managed Care, which would move long-term care services into the managed care program. But the budget does not require a savings target so that implementation can be driven by readiness, instead of dollar targets.
- Funds the state's settlement agreement with New Hampshire's hospitals.

Protecting Public Safety

New Hampshire has long been considered one of the safest states in the nation, and this budget aims to help keep that distinction with targeted investments in shoring up New Hampshire's public safety infrastructure. This budget:

- Allows for the new women's prison to open on schedule in the fall of 2016, ending the threat of expensive litigation and ensuring equitable treatment of female inmates.
- Recognizes our responsibility to adequately fund the Department of Corrections, allowing the department to fill positions and staff the new women's prison.
- Provides for three additional troopers to keep our roads safe and two additional state police detectives to combat the opioid crisis.
- Adds an additional Superior Court Judge.

- Provides for the replacement of the outdated and unsafe Merrimack County Superior Court through the capital budget, with a direction that the Department of Administrative Services make every effort to keep the courthouse in downtown Concord.
- Provides an additional \$100,000 in the second year of the biennium to support the important work of the Coalition Against Domestic and Sexual Violence.
- Funds the new age of majority law, which keeps most 17 year olds in the juvenile justice system.
- Continues to support the important work of New Hampshire's Child Advocacy Centers by providing \$100,000 a year in funding. New Hampshire's Children's Advocacy Centers are a model that brings law enforcement, prosecutors, educators and mental health professionals together for joint investigations into crimes against children, helping reduce the trauma on children and aiding their recovery.
- Responsibly funds the Judicial Council and provides the first increase in funding for assigned counsel since 1992.
- Maintains funding for New Hampshire Legal Assistance.
- Addresses lost funding to the Division of Homeland Security and Emergency Management and recommends long-term, sustainable funding through assessments on utilities and on property, life and casualty insurance policies.
- Provides more than \$10 million in the capital budget for dam repair and rehabilitation projects.

Building a Stronger Energy Future, Preserving New Hampshire's Environment and Natural Resources

New Hampshire's environment and natural resources help drive our economy and protect our quality of life. Aiming to preserve and protect New Hampshire's environment, this budget:

- Supports efforts to maintain New Hampshire's natural, historic and cultural resources by fully funding the Land and Community Heritage Investment Program.
- Supports efforts to reduce New Hampshire's need for new energy imports by continuing the energy efficiency programs funded by the Regional Greenhouse Gas Initiative and the home- and business-based renewable energy projects funded by the Renewable Energy Fund.
- Funds the new, stronger Site Evaluation Committee with Renewable Energy Funds.
- Helps maintain the important mission of Fish and Game operations by allowing the commission – as recommended by an independent study – to set its own fees, increasing the boat access fee for the first time since 1993, and providing \$1.5 million in general funds over the biennium.
- Allows the Division of Parks and Recreation to invest in deferred maintenance.

Honoring New Hampshire's Veterans

New Hampshire's veterans have served New Hampshire and the nation with honor and dignity. This budget honors their service. It:

- Adds a new Veterans' Service Officer to the NH Office of Veterans Services to meet the rising demand for assistance from post-9/11 service.
- Honors our commitment to New Hampshire's veterans by giving the Veterans' Home the ability to serve an additional 25 veterans.
- Provides funding in the capital budget to add a new unit at the Veterans Home to provide care to veterans with Alzheimer's and other dementias.
- Allows the expansion of capacity at the New Hampshire State Veterans Cemetery.

Supporting Communities and Schools

New Hampshire's cities, towns, and schools, provide important services that help build an educated citizenry, ensure livable communities, and help ensure public health and safety. This budget attempts to continue important aid to local communities. It:

- Increases the cap on growth in adequacy payments to 115 percent in both years of the biennium by decreasing stabilization grants by five percent to districts with less than the state average of free- and reduced-lunch students.
- Continues funding for existing school building aid projects.
- Provides funding to pay the remaining state share of the renovation of the Dover Career and Technical Education Center (CTE) and provides funding to renovate the Plymouth CTE.
- Provides almost \$15 million in tuition and transportation assistance to local schools.
- Provides more than \$44 million in catastrophic aid to local schools.
- Provides an additional \$19 million in charter school funding over the biennium to allow for growth in the charter school population and to allow for new charter schools.
- Provides more than \$43 million in FY 16 and more than \$44 million in FY 17 in highway-funded municipal aid.
- Funds a \$5 million increase in Meals and Rooms distributions to cities and towns in Fiscal Year 2017.
- Provides nearly \$16 million in 2015 to fund state aid grants for water, wastewater treatment, and landfills.
- Provides funding necessary for the Department of Transportation to receive nearly \$56 million in federal funds for municipal aviation projects.
- Provides \$8 million in the capital budget to support low-interest drinking water and clean water loans to communities.

Balanced Budget With No Income or Sales Tax

- After adjusting for the shift in Medicaid Enhancement Tax revenue, the comparable general and education trust fund budget increase from FY 16-17 is just 4.9 percent over FY 14-15, and the total budget is a 6.4 percent increase over the previous biennium.
- Adjusted for inflation, the 2016 general and education trust fund budget is at least \$250 million less than the state spent in 2004.
- Increases the reasonable compensation safe harbor to \$100,000 and restores the requirement – as with other tax deductions – that taxpayers have a reasonable basis for taking the deduction. This change will help restore the business tax revenue base to close to original estimates in Fiscal Year 2015.
- Implements Keno and self-service lottery terminals.
- Increases the tobacco tax by 21 cents and requires parity for other tobacco products, including e-cigarettes. New Hampshire's rate will still be below the effective tax rate of neighboring states.
- Increases motor vehicle registration fees to ensure a balanced Highway Fund, ensuring that the state will be able to continue to maintain and patrol the state's highways and distribute municipal aid. For the previous decade, the Highway Fund has been operating with one-time revenue that has dissipated.
- Implements some of the recommendations of a legislatively created study committee to maintain the sustainability of the Fish and Game Commission, including allowing the commission to set its own fees.
